Minden Bantams Advance To Ontario Quarter Finals - Keene

The high flying Minden Bantams have eliminated Little Britain two games straight and now advance to the Ontario OMHA quarter Final play-downs, with Keene.

Bev. Hicks led the locals to a very close 5-4 win last Wednesday evening in Little Britain, with a three goal night. Bev. who has been an aggressive player for the Minden Club all year, has had poor luck around the net. In the play-offs, he has started to move, and in this game with Little Britain he scored the last three goals in the game to lift his club who had been trailing up to this point.

Scoring in the first period was Ron Gibson and Randy Rich for Little Britain, while Lee Bull, who has been playing well on defence for Minden, fired in one from the point.

The second period was a very close checking frame with Jeff Campbell scoring on a set-up by Bev. Hicks. The score remained 2-2 until the 9 minute mark of the third period when Ron Gibson fired his second of a three goal performance for Little Britain. It was at this point that Hicks caught fire and carried the play, scoring three goals. Gibson picked up his third at the 12 minute mark.

The Minden Bantams have been working out faithfully under the watchful eye of Coach Don Campbell this past week in preparation for their first game with Keene, here in Minden Friday night, game time 7:30 p.m. The sceond game of the best of three series will be played in Keene Sunday Afternoon at 5 p.m.

THURSDAY SMILE

"There is something about you I liked," said the glamour girl, "but you spent it."

$5,000 DAMAGE IN HALIBURTON FIRE

Damage estimated at $5,000 resulted on Thursday morning from a house fire in Haliburton.

Haliburton fire officials said the blaze broke out in the home of Wayne Roberts of Haliburton about 10 a.m. Mr. and Mrs. Roberts were at work and their four children were in school when the fire was spotted by a neighbour.

The Haliburton Fire Department was on the scene for over an hour before they brought the blaze under control and finally extinguished it.

Officials said the cause of the fire which broke out in the attic of the one-storey frame house, had not been determined but said they believed electrical wiring could have been responsible. The house is electrically heated.

PROVINCE - WIDE TRAINING PROGRAM FOR BOAT OPERATORS URGED BY JURY

A coroner's jury in Haliburton today recommended a committee be formed to consider a province wide training program for power boat operators and legislation to make examination and licencing of boat operators mandatory.

The five-man jury, who returned their verdict at 2.25 a.m. Friday March 1st 1968 after hearing more than seven hours of testimony into the death of an Oshawa disc jockey 28-year-old Doug Crysdale at Lake Kashagawigamog near Haliburton August 11 also said because of the increase in boating, the committee should make a thorough study of the problem and implement rules and regulations governing all power boat operators in the province.

Other recommendations handed down were; All water skiing be conducted in a safe and proper manner from shore and public beaches; all marine and lodge owners should post safety rules in full view of the public at all times and all persons renting and selling boats should make sure that renters or purchasers know boating rules and regulations.

The jury who deliberated for over three hours, ruled that Crysdale died at 3.15 a.m. August 12 in Ross Memorial Hospital from internal injuries sustained when he hit a diving board on a floating raft anchored from the south shore of the lake at Birch Point Lodge.

Sixteen witnesses were called to give evidence into the hearing, conducted by coroner Dr. W.C. Blackwell at the Haliburton Legion Hall. Foreman of the jury was Ronald Curry of Haliburton.

Dr. J.L. Bowmer of Haliburton said he saw Crysdale at the Haliburton Red Cross Hospital after the accident. He said Crysdale was complaining of severe abdominal pains but there was lit-

HERE AND THERE

by FENWICK FINCH

First of all a couple of things have to be straightened out on the column.

The "little man" at the top of the column has been upside down for the past two weeks. Let's upend him and put him where he should be.

Last week a couple of very important lines were left out — I hope they get in this week. They were thanking my good friend John Danko of CHEX for his kind words. Sorry about missing that John. Come on "Dave" you've been married two weeks. Get with it.

* * * *

A week has passed and no word from the donor of the edited poem on "pollution" — too bad the effort may be wasted if something doesn't show up soon. Ah Well, that's life — some things don't just get to be appreciated.

* * * *

Leon Wright's restaurant in Kinmount is well-known for two things. His excellent coffee (10c a cup) and the fact that if you open your big, fat, bazoo at the wrong, or even the right time, you can get any kind of an argument or discussion going. And, you wanta believe it.

Last Saturday I stopped in for dinner and a young lady (name withheld by request) was complimenting me on the column about the hats. She said she knew politicians wore Homburgs and Astrakan hats in the winter, but did I know politicians had three hats? "one to cover his head; one that he tosses into the ring; and the one that he talks through." You know, she may have something there — who knows?

* * * *

Speaking of my friend John Danko of CHEX his sportscasting must becoming contagious — Bill Bennett of CKVR, Ch. 3 Barrie is getting the habit — he almost forgot to quit the other night.

* * * *

Floyd Hall came up with a little donation for me the other day — he presented me with the "Farmer's Almanac" for 1968. The Almanac is compliments of the "Home Insurance Co." A great deal of the material has been used by the column in time past but I'm sure they'll have something in there I can pass on to you. Take for instance this — "Sign on a milk truck — "All we have we owe to udders." Well, that gives you some idea of what to expect.

* * * *

Overheard in "Deanwood's" over the past week-end. Three carloads of young people were there, apparently on their way home from skiing at Sir Sam's Inn, Haliburton — they were loud in their praise of the accommodation, the skiing etc. etc. In their opinion Sir Sam's stacked up favourably with any resort they had been to in the Muskoka's.

Pretty good advertising for the County — ?

* * * *

Dogs running loose seems to becoming quite a problem in Haliburton as well as in Minden. Bobcaygeon has their problem with dogs. Lindsay has no shortage of dogs and the amazing thing is, no one seems to be doing anything about it.

* * * *

Another week gone — I'm hoping that Dave and Al. are now relaxed from marriage and winter carnivals — such being the case all of this stuff is going to make it.

* * * *

Until next week, remember — "it's easy to admire a loser at a strip poker party." See you next week.

Fenwick

ONTARIO SOCIETY FOR CRIPPLED CHILDREN HOLD FORTY-SIXTH ANNUAL MEETING

The Forty-Sixth Annual Meeting of the Ontario Society for Crippled Children held Wednesday, February 28th at the Ontario Crippled Children's Centre in Toronto, set a new attendance record by attracting 350 guests from all corners of the province.

The newly elected Society President is Mr. Jack A. Butler from Barrie, Ontario. Mr. Butler has been a member of the Society's Board of Directors and Executive Committee for many years, as well as Chairman of District Council No. 8 and Chairman of the Blue Mountain Camp Committee.

Mr. Butler succeeds Past President W.H. "Bill" Marr from Kenora, Ontario passed away suddenly on February 21, 1968, while vacationing in California. Mr. Marr held office since February 23, 1966 and during that period had become widely known throughout the province for his dedication and inspiration to the Society in the work of helping crippled children.

Several prominent figures were in attendance for this meeting including the Honourable John P. Robarts, Premier of Ontario; Honourable Mathew B. Dymond, M.D., Provincial Minister of Health; Mr Lyn Berry, the very first "Timmy" who was selected in 1947; and Master Kevin Lahn, "Timmy" — 1968".

All guests attend this meeting at their own expense, including representatives from some of the 231 Easter Seal service clubs; government bodies; health and medical groups and social welfare organizations.

TWO ACCIDENTS IN MINDEN AREA

Ontario Provincial Police of the Minden detachment investigated two accidents during a relatively quiet weekend through the area.

Damage estimated at $600 resulted from a two car accident on Highway 35 at the Minden bypass about 4.45 p.m. Friday.

Vehicles involved were driven by John William Watts, 45, of Felicity Drive, Scarboro and Alexander Gilbert, 80, of Lochlin. Damage to each vehicle was estimated at $300.

A one vehicle accident Saturday afternoon on the Kenisis Lake Road resulted in an estimated $250 damage to a vehicle driven by Leslie Dufty, 32, of Norland.

RED CROSS
IS ALWAYS THERE
WITH YOUR HELP

PROVINCE - WIDE TRAINING PROGRAM FOR BOAT OPERATORS URGED BY JURY

(Continued from Page 1)

tle sign of external injury and the victim's pulse and blood pressure were normal.

Crysdale was taken to Ross Memorial Hospital by ambulance and Dr. R. K. Hollows, who examined Crysdale decided an operation would be necessary.

"WISE-CRACKING"

Dr. J.E. Lindsay, chief anesthetist at the Lindsay hospital, told the hearing that while he was preparing the victim for the operation, Crysdale was sitting up in bed and "wise-cracking" with the orderly.

He said Crysdale moved, unassisted from the bed to a stretcher and from the stretcher to the operating table.

Dr. Hollows said Crysdale, who was conscious from the time of the accident, "kept up a bold front" which was deceiving. He said Crysdale told him a medical examination was not necessary. He told me he was well enough to go home," the doctor added.

Dr. Hollows said his examination showed Crysdale had two broken ribs, his duodenum was torn and pancreas severed. He said despite external appearances the accident victim was going into a state of shock and his condition was deteriorating rapidly.

According to the doctor, Crysdale suffered a circulatory collapse and his heart stopped beating.

Dr. Lindsay said Crysdale's heart was massaged for 15 minutes before he was finally pronounced dead.

Coroner Dr. Blackwell noted that because of the speed at which Crysdale hit the diving board and because of the life jacket he was wearing, the only external injury was a red mark on the abdomen.

Arthur Ward, sports director at Wigomog Lodge told the hearing the water skiing show was to have been held Thursday, August 10th, but flares to be carried did not arrive until the following day. He said he and Crysdale planned the event.

Mr. Ward said it was a clear night and the lake was calm. As he watched the final act in the aquatic show, Mr. Ward said he saw the boat slow down. The boat passed out of view and he did not see it round the last buoy. "Then I knew there was something wrong" he said.

The other who had been behind the boat with Crysdale said they had had a practice session in the afternoon but did not use the same course that was used that night. The hearing was told Crysdale was not in the rehearsal because he was not slated to be in the finale that night.

The jury attached no blame in the accident.

FISHERMAN'S PARADISE

Paradise does not exagerate the fishing or the countryside one little bit. Not that many people however, from outside our borders know what lies in store for them here in the Highlands.

When people from the city, Southern Ontario, or United States, talk fishing in Ontario, places such as Georgian Bay, Kawarthas, Muskoka, Parry Sound, Lake Simcoe regions usually pop up. Haliburton seems to be untouched, as for a great number of touring fishermen. What surprises me most about this trend is that this county is the most scenic. Beautiful Lakes, hills and bush make up what in my opinion, is a fisherman's Paradise. Then you might ask, "What about the fish?" When it comes to Lake Trout, Speckled Trout, Rainbow, Whitefish, Bass, or Muski, we have abundent quantities of these species. What intrigues me the most is fishing for them in this beautiful surrounding.

When we first moved into this area, I took one look at this county and said, "This country is for me." Being in love with fishing and hunting, I knew I would be crazy to go back to the city — and thats where I was headed.

Since that time, nie on to three years ago, I have only managed my out-door pleasures but a couple of times. Each year I promise myself, this is going to change. The past three weekends we have done just this.

Ice fishing has been our sport — now you can just imagine how an ardent fisherman feels, kept away from the water. I am like a starving Lake Trout, ready to strike with great force.

My first trip was into Murdy's Lake with Fred Cooper This Lake is fifty miles from Minden and takes you deep into the bushland of the Highlands. John Kernohan is logging in that area, and has opened some roads back into his camp. It was a bright sunny day, and we enjoyed the outing immensly — however, we were outsmarted..

Two weeks ago we used a fish hut and after a days fishing, came up blank again. We found out later we were fishing for Lake Trout in a White fish area. The fish hut was moved — we were up at the break of dawn this weekend, once again.

Persistence is a good fisherman's key — ye o'd editor struck pay dirt, bringing home five good size Lake Trout. Needless to say, I enjoyed the fishing very much, and the outing as well.

Fishermen are an odd bread — they have to be, matching their skills against that of nature. They are a suspicious group and proud as well. A good fisherman, like a good baker, never tells the ingredient of his success. If you ask a fisherman where he caught that fine catch of fish, his answer would probably be — over yonder hill, waving in the opposite direction, in which he had just come. The story goes for a fisherman who has been skunked too often. It has been known for an angler of great skill to purchase a fish — waving it as a proud trophy. It is rumoured that this same thing has happened here in Minden recently — I keep telling myself, it can not be true, in such a fishering Paradise.

"LAKE OF BAYS LINES"

The biggest news, in May, in the Dorset area, will be re-opening of the LCBO store, for its second season. In 1967 this "firewater" outlet racked up a truly landslide business. Even hustling Huntsville must have felt the new competition. It's located in a brand new building complex that also houses The Royal Bank and Murray McEachern Real Estate.

Nowadays milk deliveries at Dorset and Baysville are merely twice weekly. And so some persons buy dairy needs on their jaunts to Bracebridge, Huntsville or Minden. Too bad Highway 118 still has construction difficulties and delays, between Baysville and Bracebridge.

Haliburton County's largest general store is not located in Minden, Haliburton, Carnarvon or Hall's Lake. The honour goes to Dorset — Robinsons General Store.

Baysville's supersalesman, **Nell Connelly,** owner-manager of Langmaid's Store, will be moving into her new super-duper house, soon. It has been attracting wide interest in the Baysville area. Also attracting increasing interest is the Baysville Public Library, which librarian **Georgia Moeller** thinks is really getting off the ground. Dorset also has a public library, although smaller. There are about 2000 volumes in the Baysville library.

Hugh McEachern, proprietor of Dorset's sole industry, has been lately reading this paper way up in Cold Cochrane. Hugh's canoes are well known coast to coast.. **Hasso** is no longer guarding the Log Cabin Gifts and Crafts Store. Hasso is **Eva Scheel's** huge and magnificent German Shepherd dog. He's at training school at Stratford. But Hasso will return. It will be quite awhile before treacherous Highway 35 between Dorset and Dwight will be "straightened-out." Last summer saw two vehicle deaths. Probably two more coming up, this summer, too.

Rumours are flying that Lake of Bays will be minus all ice huts next winter. Too many ice "fishermen" have been misbehaving.

Aircraft are on the increase in the Lake of Bays area. It's too bad there is no airport, because there are more landplanes than seaplanes in Canada and the USA. Haliburton Air Services were at Lake of Bays last summer.

RED CROSS SERVES YOU EVERY STEP OF THE WAY

MINDEN DETACHMENT O.P.P. REPORT

by Constable E. F. Whitney

Well here we are back with our weekly report after a holiday of two months. Since January 1 to March 2 this year, Minden Detachment has investigated 48 motor vehicle accidents in which 8 persons were injured and property damage to the vehicles involved estimated at $17,670.00 For this same period i n1967, 52 motor vehicle accidents were investigated, 5 persons injured and property damage to the vehicles estimated at $15,625.00 We have managed to reduce the accidents by four but the injuries and property damage have increased. When the need of traf traffic safety and better driving habits are mentioned to mos people they just laugh and say that they have never or never will be involved in an accident so why worry. But with the number of cars on the road today and the calibre of drivers I wouldn't count on not being involved in an accident. The only sure way to void being in an accident is to adopt the prope attitude along with good driving habits, in other words use you skill and not your luck. Be a defensive driver not an accident driver.

The past few months several enquiries have been received regarding the reporting of motor vehicle acoidents. The circumstances under which you MUST report an accident are as follows;

1. an accident in which there is personal injury.
2. an accident where the property damage apparently exceeds $100.00.
3. an accident where there is damage to property on the highway such as guide posts, signs, hydro or telephone poles, trees or any fence bordering on the highway.

You may be involved in an accident where there is no property damage but someone is injured, this accident must be reported. You require only ONE of the three circumstances to necessitate the accident being reported. Don't misunderstand the $100.00 property damage, if there are two cars involved it is the total damage to both cars involved not just the damage to one car. (Example: if you have $65.00 to your car and there is $70.00 damage to the other car, this is a reportable accident because the total damage is $135.00). If you damage any of the property mentioned along the highway you must report it even though the damage may not exceed $100. Again REMEMBER only ONE of the circumstances is needed to reporting of the accident. The acoident if it meets the requirements must be reported forthwith to the nearest provincial or municipal police officer. The important word is forthwith as it means immediately not three days after the accident. By the way the accident does not have to happen on a highway to require you reporting it, it could happen on a private road or in a field but if the damage exceeds $100 or there is personal injury, you must report it no matter where it happens. I hope that this article will clear up any misunderstandings you have regarding the reporting of motor vehicle accidents.

POLARIS TEAM FROM MINDEN ENTER SNOW-POLLO CONTEST

The Polaris Snowmobile Company entered a team from Minden in the World Champion Snow-Pollo Campionships held a week ago in Peterborough.

The team consisted of Keith Johnson, Polaris Dealer here in Minden, along with Danny Schmidt and David Sisson.

These boys had never played this game before, but did extremely well winning 5-4 over the Bald Lake Snowmobile Club. On Sunday they went on to play the Bombardier Club from Quebec and lost 4-2. The Bombardier Club went on to win the Championship.

With this years experience under their belt, this team from Minden will be hard to beat another year.

BIRTH NOTICE

Don and Eleanor Hall (nee Stewardson) of Minden happily announce the birth of their son Glenn James 7 lbs. 1 oz. March 2nd 1968 at Women's College Hospital Toronto, a brother for Stewart.

LETTER TO THE EDITOR

Irondale, Ontario
March 4, 1968.

Dear Mr. Beeney,

In regards to my comments about the Little N.H.L. If I said all the coaches and managers I would like to apologize as I did not intend to include our coaches and those that are working so hard and spending their time and money so that the children can play hockey. An error on my part. Sorry folks I sent a letter to the Lindsay Post to be printed, but it was too close to Oakwood for them to print it, and apparently that paper doesn't like the truth as this is three letters I have sent in the past and none have been printed. So thanks again folks for printing with all mistakes.

Sincerely,

Mrs. Grace Simmons.

WHEN THE BRIDGE FALLS

Back in about 1929 we were one of a class studying development of the English novel. If memory serves, the first item was Tom Jones, and little did any member of the class envision the kind of movie it would make 35 years later. The last item in that class was always the best seller of the year. That year it was:

The Bridge of San Luis Rey.

Right off hand we canot think of any other novel we have read which has so often been recalled by an item in the news, such as the fall of the bridge crossing the Ohio River between Ohio and West Virginia recently.

The general outline of the novel was that when the bridge of San Luis Rey fell, a priest concluded that this was his opportunity to find out something of the ways of God to men. He would find out in detail about the lives of those who were on the bridge and see if others was not in them some explanation as to why they were there when the bridge broke while others who might so easily have been on the bridge were not there.

The novel is made up of a study of the lives of those who were, and those who might have been on the bridge. The reader is not told what the preist concluded when he had the evidence gathered.

In the news story of the collapse of a bridge which, it is estimated took 160 lives, there is a statement of a man who was not on the bridge, who arrived a moment after it fell.

"I'm usually on the bridge at 5 o'clock. I would have been today but I stopped at a garage near the bridge to buy a can of touchup paint for my car."

To have one's life saved by such a narrow margin as a can of paint! It must be a strange feeling.

Your T.B. Association.

- SPORTS -

WITH BOB BEENEY

The Minden Bantams defeated Little Britain in two straight games to win their two out of three playoff series. Both games were very close in score with Minden winning 5-4 in the first game in Minden and 4-3 in he second game at Little Britain.

The Bantams start in a series with Keene with the first game scheduled for Friday night in the Minden Arena. It is expected that Keene will have a strong team. Although Keene is a small town they have a heavily populated surrounding district that they can draw from. The Bantams remain as the only team that Minden has left in the playoffs and they deserve your support.

The Minden Peewees were eliminated from the playoffs by Oakwood last week in a two out of three series. They won the first game by a 2-0 score at home and then were defeated 9-2 and 5-0 in games played at Oakwood. They will continue to play exhibition games and have one scheduled with Kinmount.

The Novice team will be playing in the Leon Wright Tournament on Sunday in Kinmount. This is an annual tournament and Minden is invited to play in it each year. Minden will play their first game of the tournament at 2:00 p.m. against Coboconk.

On Tuesday night the Novice team played against Kinmount in an exhibition game at Kinmount. Minden was defeated 6-2 although the game was fairly even until the third period when Kinmount scored four times.

Two weeks ago Ray Lawrenson of Minden wrote a letter to the editor which gives a great deal of merit for the people to ponder over, think about and discuss with each other. When a new arena is built in Minden it will take a lot of community spirit to get the project rolling and then a 100% effort to support it once it is built.

Unfortunately in the last few years community spirit in many small towns has faded and in some instances has nearly disappeared completely.

A new arena is a necessity but unless we have community spirit and the populace that will support and attend the activities then a new arena could be too big a burden on the community.

It is argued by many people that if we had a new arena the spirit will return and arena activities will be better attended. It would be interesting to know how much money would be needed from gates and rentals to pay for costs arising from the operation of the arena each year.

First Aid Class Reaches 'E' Day

Pictured here is Mr. George Hewitt of Minden being all tied up by Louise Dollo. Both passed their course.

Members of the St. John Ambulance First Aid Course reached the end of their training with their examination last Monday night.

For the past eight weeks they have been busy learning the techniques and skills required for proficiency in this subject. The course has taken them through the proper routine of examination of a casualty (in order to determine the injuries or illness) to the lifting and loading-ing of the patient into an ambulance (for transmission to proper medical treatment).

They have learned how to recognize those emergency conditions that might cause loss of life — such as stoppage of breathing or severe bleeding. More important however, they have learned what to do immediately if these conditions do exist.

They have been shown how to use the versatile triangular bandage to hold a dressing in place on an awkward spot (like the top of your head) or to cover a large area of damage (such as the chest.)

They have also learned how to use these bandages to immobilize fractures and thus prevent broken bones from moving and causing further damage to tissue and organs.

These are only a few of the things that have been covered in the fourteen hours of instruction. On Monday night it seemed that the itme had been all too short — for the twenty local residents who waited for the examiner to arrive. There was the Chief Eldon Deacon, and his group of Ambulance drivers — Jim Elder, Spike Moxam, Joe Peacock, Geo. Hewitt, Dave McGee and Don Booth; there were local business people like Murray Robertson, his wife Helen and daughter, Gena, Harvie and Ruth Robson and Lyle McKnight; there were interested citizens like Flo Dollo and her daughters, Louise and Rosemarie, Ida Sawyer, Debra Hewitt, Jackie Payne and Cheryl Crawford — all with one goal — to pass that examination and qualify as First Aiders.

The examination was in three parts — a 40-question, multiple choice paper, a test on Artificial Respiration and tests on bandaging for the control of bleeding and the treatment of fractures. The examination was conducted by two representatives of St. John Ambulance — Harry Hammond, Provincial Staff Officer for Central Ontario and Ed Descochers, Chief Instructor of the Metro Toronto Branch.

The course has been taught by Lloyd Johnson who advises that anyone wishing to take this training may join the next class started on Monday March 4th. This will be held at the OPP headquarters for the next six Mondays, from 7:00 to 10:00 pm. The local NCOs and several constables will be taking a refresher course and the class has been opened to anyone (over 15 years of age) wishing to join. Contact Lloyd at the Post Office or just show up at the court room next Monday.

Mr. Lloyd Johnson instructor of the eight week St. John Ambulance First Aid Course held in the Municipal building every Monday night helps Jackie Payne finish a bandage on Debbie Hewitt.

Here is Rosemarie Dollo working on Gena Robertson, as they practise bandaging an arm fracture.

High School Open House

The parents of students of the Haliburton Highlands Secondary School are invited to attend the school on Monday, March 11th between the hours of 7:00 and 10:00 P.M. to discuss their son's or daughter's progress.

ROTARY CORNER

Another week has rolled around, a few things have happened, and still a few things more are in the making.

The fifty Dollars was won last week at Bingo — a Rotarians son no less, John Morgan, and still another twist to this little story — father Harold was calling the numbers.

The 50 bucks is up for grabs tonight again with the numbers starting at 40. 54 numbers will be called for the jack-pot game. So much for Bingo.

Program chairman for the month Arvo Kaasalinen had fellow teacher Paul Mueller as his guest. Mr. Mueller comes from Switzerland and talked on his visit to New Zealand, he also showed some fine slides on this small country in the South Pacific.

The Rotary Clubs throughout the world work hard each year on the Easter Seal Campaign. New weeks program will be a work bee, in organizing this very worthwhile project.

Something new in the air this past week at Rotary, whispers have it that the Club is going to hold a spring frolic. If it is anything like its fall social, it should be quite a success. Final plans have not been made, and a date has not been set. More information on this next week.

EXECUTIVE OF THE MINDEN AREA BUSINESSMEN'S ASSOC. TO MEET TONIGHT

The executive of the Minden Area Businessmen's Association will meet tonight at 8 p.m. in Mr. Floyd Hall's Real Estate office.

Business on the agenda will be a summary of the Liquor vote. Memberships and thank you letters will be sent out to members.

One of the big topics will be a discussion on the possibilities of a new arena for the community. It is felt by some that the businessmen should lead a campaign to raise funds for this community project. A date will also be set tonight for a general meeting, to be held in the near future.

HALIBURTON COUNTY TUBERCULOSIS & HEALTH ASSOCIATION HELD MEETING

A Regular Meeting of the Haliburton County Tuberculosis & Health Association was held Monday, February 5, 1968 at the Haliburton United Church Hall, 8 p.m. with a fine turnout of members.

The president, Mr. M.P. Waddell was in the chair and opened the meeting by reading the report given by Dr. S.A. Holling at the OTA Regional Meetings on "A Respiratory Disease Unit In A University Teaching Hospital."

The minutes of the January meeting were read by the Secretary. Moved adoption by Mrs. G.V. McManus seconded by John Dobbie.

Mr. W.J. Rae Stinson reported that the Minden Clinic was steady and smooth flowing and the hospitality of Rev. & Mrs. K. Thatcher very much appreciated. It was agreed that we contact Dr. R.J. Koval, M.O.H. requesting his permission to send letters to Foodhandlers, Barbers etc. in the Minden area, suggesting they have Annual Chest X-rays.

Mrs. M.P. Waddel, Christmas Seal Chairman read the Christmas Seal Echo which showed Haliburton County in a very favourable position on the Campaign. The highlights of the Christmas Seal Workshop held in Toronto were given. Mrs. B. Howe, Health Education Chairman passed the following for inspection "A Handbook For Programs In Respiratory Diseases," TB and not TB, "Health Education Notes," and NTA Bulletin.

Social Service & Rehabilitation Mrs. D. B. Hartle informed the members that Mrs. Grace McKay Charge Nurse, Minden Red Cross Hospital gratefully accepted the oxegyn gauge purchased by the Association, with the stipulation that this would be available for emergencies.

Mrs. McManus Publicity Chairman, stated that minutes Letters to the Editors and articles had appeared in both papers. "Accentuate the Positive," "When The Bridge Falls," and "When Our Lungs Stay Stretched" are to be submitted.

Mr. Stinson requested that OTA be approached on the loan o the film "To Clear The Air" on polution for showing to the Rotary Clubs. Dr. Floris E. King, Field Programme Director and Nursing Consultant of the Canadian Tuberculosis Association will be our Speaker at the Association's Annual Meeting and Dinner to be held at the Haliburton United Church Hall, Tuesday, April 30, 1968.

A nominating committee was appointed of Mrs. B. Howe and Mr. John Dobbie. These people to present their report to the March Meeting.

Mrs. G.V. McManus, OTA Representative gave a very comprehensive report on The OTA Semi-Annual Meeting held in Toronto, January 27, 1968.

Moved by Mrs. M.P. Waddell and seconded by Mrs. McManus that the outstanding accounts be paid.

A motion to adjourn was made by Mrs. D. B. Hartle seconded by Mr. John Dobbie. Our hostess for the evening Mrs. B. Howe provided delicious refreshments and was ably thanked by Mr. W. J. Rae Stinson.

PARENT IN-SERVICE CONCLUDED

The final hour of in-service for parents of the Provisional County of Haliburton was concluded on Monday, February 26, 1968, with seventy people in attendance. During the last hour, the guest speakers were Mr. R. Hendron, BA M. Ed. and Mr. G. Podreebarac, B.A. M. Ed., Masters of the Peterborough Teachers' College. These speakers, via the medium of 16 m.m. film, and overhead projector presented the comparison of a teacher-controlled classroom situation versus the child-centred and activity structured mathematical program.

By the attendance present, at the various sessions of the in-service during February, it is obvious that parents are vitally interested, deeply concerned and indeed, willing to envisage the need for new concepts in the teaching of the children. This fact is of profound encouragement to all who attempt to develop, initiate and serve in the educational field of endeavour. May the office of the Area Superintendent of Schools express sincere gratitude and best wishes to those parents and indeed to all parents for the willing and eady support as evidenced in this recent in-service program.

POEMS OF THE HIGHLANDS

by Burleigh Wallace

HOCKEY

You will lose your taste for baseball,
Other sports will all seem tame,
When you see two good teams struggle
For a clean fast hockey game.

Watching from a vantage viewpoint,
As they line up to begin;
Silently in expectation,
While the band plays, "Save the King"

They're away! the fans are happy,
Beaming like a bunch of lords;
When the home team scores a pointer,
How they shout and thump the boards.

Some are strong for "combination",
Still you'll always hear them gush,
When their favourite player scores one
By an individual rush.

Science, trickery, speed and cunning,
Fill the hours with keenest fun;
With due credit to the losers,
Still you're glad the home team won.

When the players are good sportsmen,
And the game is on the square:
For an evening's entertainment,
Can you beat it anywhere?

You will lose your taste for baseball,
Other sports will all seem tame,
When you've seen two good teams struggle,
In a clean, fast hockey game.

CHINESE AUCTION WINNER

Pictured above is the happy winner of the Chinese Auction, Bob McKenzie on the left. Doug Pritchard, Auctioneer centre and Lyle McNight, entertainment chairman of the Kinsmen Anniversary night held recently. What was the prize? You guess.

HODGSON, CARRUTHERS GOVERNMENT WHIPS

The recently announced appointments of a new Speaker for the Legislature and a new Chief Government Whip have been followed by other important changes in the organization of the Progressive Conservative Party Caucus.

Mr. Allan E. Reuter, MPP from Waterloo South, has been appointed Chairman of the Committee of the Whole House. In this capacity, he also acts as Deputy Speaker.

All Bills, on their way to becoming law, are referred to the Committee of the Whole for consideration after having received Second Reading or approval in principle.

When the House resolves itself into the Committee of the Whole, the Speaker leaves the Chair. The Chairman, Mr. Allan Reuter, will take his seat in the Clerk's chair at the head of the Table, and will preside over the detailed clause-by-clause examination of the legislation.

The same procedure is followed when the House resolves itself into the Committee of Supply and the Committee on Ways and Means.

Allan Reuter was first elected to the legislature in 1963 and re-elected in 1967. For the past three years he has served as Chairman of the Standing Commitee on Private Bills, the largest and busiest of the legislature's Standing Committees.

In the office of the new Chief Government Whip, Leonard Reilly major changes have also been made.

Alex Carruthers, MPP from Durham, and Glen Hodgson, MPP from Victoria-Haliburton have been appointed as Government Whips.

Mr. Carruthers will be primarily responsible for the organization of committees and attendance of Members; Mr. Hodgson serves as Chairman of the Caucus and assistant to the Chief Whip in the House.

LINDSAY PRESBYTERY HELD MEETING

"The Great Enabler" — Such was the description of a minister given by Rev. Dr. R.W. Henderson, Associate Secretary, General Council, United Church of Canada, when he spoke to Lindsay Presbytery meeting at Cambridge Street United Church, Lindsay, on Wednesday, February 21, 1968. "The United Church has assigned the episcopal function to the minister" said Dr. Henderson prior to group discussions on the importance and place of bishops in the Church!.

In the group discussions that followed Dr. Henderson's opening remarks one of the main findings was that the role of the minister s changing. Other findings were that the change results from the fact that the Church is becoming more democratic as laymen, by training, knowledge and experience, are increasingly better able to give leadership in some areas of the Church's life and work than the minister. Increasing numbers of laymen, due to a higher level of education among the population in general have a broader outlook and are better able to hold stronger informed opinions than was once the case.

Delegating responsibility to others in some fields and no longer expected to be everything to everyone, or an authority on all subjects, the minister is yet looked upon as one to start movements and to visit the sick, aged and shut-ins etc. Rev. J. Newton Reed, Sunderland, informed the court that there were some four hundred less pupils in the Sunday Church Schools of Presbytery in 1967 than there were in 1966. A decreased attendance at Sunday Church Schools and at through - the - week group meetings was aslo noted.

Rev. J. Gertridge, Lindsay, said that three hundred and fifty young people were expected to attend an April Hi-C Teen Conference in Lindsay. That there would be a gathering in Haliburton in June to discuss the nature of evene lism was announced by Rev. R.A McCaw, Haliburton.

Presbytery was also told by Rev. W.J. Price that during the year five new monthly magazines will replace the present weekly papers such as the Onward. Rev. G.A. Beatty, Beaverton and Rev. H.T. Martin, Fenelon Falls, were Acting Chairman for the meeting.

YOUR RED CROSS SERVES YOU AND SERVES FOR YOU

"A JOURNALIST'S JOTTINGS"

By Ross Leslie

We probably usually think of a journalist as a reporter or writer on a newspaper or magazine. But actually a journalist could also be defined as anybody connected with the spreading of news. He may be a newsman at a Radio or TV station. Or even a public relations person. Or a person with a wire service.

By-line, cut line, 30, pix, caps, box, obits, gutter, jumphead, trimming and matrix, webbed up, stereotype room, half-tones, typos, etc — this is some of the interesting jargon that a reporter hears or uses. How does a prospective reporter land his first job? Very often by applying in person and proving that he thinks well, speaks well, and writes well enough to convey his ideas and information clearly. A good, broad education is helpful, and maybe a journalist's course. And a good curiousity — wanting to know what makes the wheels go round. Love-for-the-job is important, because it will see you through the inevitable difficult segments of your career. Prospective reporters may derive inspiration by visiting publishing plants, by reading and studying certain successful newspapers and magazines, and by hearing CBC Radio's "The Fourth Estate," "Neighbourly News," and "Looking Through The Papers." The first job may not necessarily be with a general interest publication — mine was with a labour paper in Toronto. The employment opportunities for women reporters are much more limited than for men, but it's still a worth-while field.

If you are a prospective reporter, maybe I can show you some door-opener tricks — drop me a line. (RR 1, Baysville Ontario.)

WOODS, WATERS AND WILDLIFE

By James Woodford

The Canadian National Sportsmen's Show has been aptly described as "your passport to outdoor Canada."

March 8th is the opening day of the 1968 show, which will run through until the 17th and include Sundays for the first time.

About two million dollars have already been raised for conservation of Canada's natural resources by this annual springtime exhibition. The first show, held in 1947, showed a modest profit of $13,500 — the second $45,000 in 1948, the first grants, totalling $15,421 were made to conservation.

Founded by a public spirited group of citizens, headed by Francis H. Kortright, the show moved with immediate success to becoming the biggest show of its kind in Canada.

An exciting "special" at this year's show will be George Galicz, North America's foremost falconer and trainer of wild birds of prey. Two demonstrations of falconry will be given each day, and eagles, falcons and hawks will be flown free in the Arena.

The Outdoors Film Festival, which proved a great success when it was first held during the 1967 Sportsmen's Show, will again be included in the program, and the giant screen will again go up in the arena. Award-winning outdors films will be shown daily in a 2½ hour program.

The highly popular demonstrations at the casting pool, the duck decoy makers' contest, the wilderness survival display, demonstrations of sports equipment and the "Moon River" fashion spectacular will again highlight the Show.

The 1968 Canadian National Sportsmen's Show will be open to the public from 12 noon to 11 p.m. on Saturdays, and 1 to 9 p.m. on Sundays.

A visit to the Sportsmen's Show is a treat for the whole family and you will be supporting the cause of conservation.

DID YOU KNOW?

Much interest in crafts has been revived in the Haliburton and Minden area due to the efforts of the Haliburton Guild of Fine Arts and the Highland Weavers Guild.

They have planned an interesting and informative evening with the showing of coloured films, exhibits and demonstrations on the art of Hand Weaving. This is taking place at the Art Centre in Haliburton, Saturday evening, March 9 at 8 p.m.

Although these groups have been in operation less than one year there are now nearly twenty members in the Weavers Guild who are enjoying weekly week sessions and finding this a very enjoyable and rewarding hobby.

On Saturday evening four films will be shown covering the setting up of a loom, called "Dressing" and on up to the art of making Tapestries. The members of the Weavers Guild will be present with some of their finished work as well as some in progress and will be glad to answer any questions and welcome anyone who wishes to become a member. Remember folks Weaving is not limited to women many really good weavers are men.

The Haliburton School of Fine Arts will be offering a course in Weaving from July 22 to August 2 this coming summer so be sure to come along now and see what it is all about.

Lunch will be served and there will be a silver collection.

ANGLICAN CHURCH NEWS

ST. PAUL'S PARISH BREAKFAST

After the Holy Communion at 8 a.m. on Sunday, the 10th of March, there will be as usual on the second Sunday in the month, a breakfast served for all who attend the Service; this is cooked by the men of the Parish, and is always a hearty one. So please come and enjoy, not only the good food, but the good fellowship and, sometimes, heated discussions on every subject under the sun which occur over the breakfast table.

At the eleven o'clock Morning Prayer Service, Capt. R. E. Sims our old friend from Wilberforce, will be taking the Service, while Mr. Thatcher celebrates Holy Communion at Wilberforce.

LENTEN SERVICES.

On Wednesday, March 13th, at 8:00 p.m. there will be a service of Evening prayer, and a Discussion. On Thursday morning at 10 a.m. (March 14th.) Holy Communion will be celebrated.

FOOD, FOOD, GLORIOUS FOOD

As well as providing food for the soul, St. Paul's doesn't seem to do too badly in giving food for the body. On Shrove Tuesday literally dozens, (modesty forbids saying "hundreds") of pancakes were served to a goodly company at St. Paul's. One table of young men had a competition for the greatest number of pancakes eaten, and winner had a grand total of eight. On Monday, the Sidesmen, under their Chairman, Mr. Earl Hewitt, had a roast beef idnner for themselves and their ladies. The gentlemen cooked, served and washed up for about forty people. The ladies of the Church who usually do all this sort of thing, sat at their ease and enjoyed being waited upon.

INSTRUCTIONAL EUCHARIST.

Last Sunday, Mr. Lloyd Johnson did the commentary at both St. Paul's and St. Stephen's, Boskung, where he is a Warden for this service. Reading from a script prepared by the Rector, he was able to tell the people just what was happening at each stage of the service, giving reasons and some historical background traditions for everything that takes place at this most important of Services. Many favourable comments have been received by the Rector, not only on the instruction and help better to understand the Service which people had received, but on Mr. Johnson's clear voice and the reverence he exhibited during his long task. He did a wonderful job, and is to be congratulated on the way he accomplished it.

NOTICE to CREDITORS

AND OTHERS

In the Estate of

HARRY ROBERTSON,

deceased.

All persons having claims against the estate of the abovementioned Harry Robertson, late of the Township of Anson, in the Provisional County of Haliburton, who died on the 18th day of December 1967, are required to file proof of the same with Annie May Van Winckel, the Executrix of the Estate of the said deceased in care of David M. Bishop B.A. L.L.B., Box 472, Haliburton, Ontario, on or before the 6th day of April, 1968.
After that date the executrix will proceed to distribute the estate, having regard only to the claims of which they then shall have had notice.
Dated at Haliburton, Ontario this 1st day of March, A.D. 1968.
DAVID M. BISHOP, B.A., L.L.B.,
Haliburton, Ontario.
Solicitor for the said Executrix.

DOLLARS AND GOOD SENSE

by William J. Martin

This column is a regular weekly feature prepared by the Family Financial Counselling Service of the Avco Delta Corporation, P. O. Box 2820, London, Ontario. All questions submitted to the above address will be answered, in print or by return mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

Dear Sir: Three months ago I bought what looked like a pretty good used car. I signed up for payments of $54.00 a month for 24 months. Two weeks ago the car practically fell apart at the seams. I raised cain with the dealer and told him I just wouldn't make any more payments. Now I find that I owe the money to a finance company and not the auto dealer. What happened and what can I do about it?

R.F.M.

Unless the dealer agreed in writing to guarantee your car would operate satisfactorily for a certain period of time, I'm afraid there is not much you can do about it now. You made a purchase that didn't work out well at all, but it was a purchase and you are obligated to pay for it.

You were surprised to find that the dealer had sold your financing contract to a finance company, and yet that is very normal procedure. Most dealers need the full sale price of the car in order to keep operating pay salaries, buy more cars etc. So they sell the "loan" contract and get their money right away. From then on, re-payment of the money "borrowed" to buy the car is a matter between the customer and the finance company.

Needless to say, you should have looked moer closely at what you were signing when you bought the car. If you had, you would have known you were agreeing to two separate things;

One, you agreed to purchase a certain car at a certain price. The dealer agreed to certain things, too, and this is the document in which his responsibility with regard to service and guarantees should have been spelled out.

Two, you arranged to borrow the money to pay for the car and agreed to re-pay your loan in monthly installments.

Unfortunately, you have reasons now to think that you didn't get a very good bargain. Maybe it's your fault for not being a more careful buyer; maybe the dealer put one over you. Either way, you made a deal and you have to stick with it.

Next time have the dealer spell out the extent of his obligation in case the car doesn't operate properly or breaks down within a certain specified period. And make sure you have it in writing. Then you make sure he does what he agreed to do — and you live up to your agreement, too.
